About Correlation One

Correlation One is a workforce development solution that equips the world for the jobs of tomorrow.

Enterprises and government organizations work with us to develop talent and close gaps in data, digital, and technology skills with training solutions that lead to jobs and business outcomes. We also create a more diverse data ecosystem through global programs like our Data Skills for All (DS4A) initiatives and data competitions.

GENAI WORKSHOP

Correlation One is pleased to offer you an exclusive, complimentary training to enable employees within a team of your choice to optimize their workflows and day-to-day tasks using GenAI tools.

The course will culminate with employees thinking through capstone project briefs that will allow them to apply the skills they're learning to real-world scenarios within the organization, addressing specific goals and challenges faced by their departments.

Live, Virtual Classes
to teach new content and engage learners in impactful discussion

Small Group Discussions
to foster collaboration and drive applicability

Bespoke Content
to leverage business cases for relevancy

Capstone Projects Briefs
to transform skills developed into business outcomes

EXAMPLES OF TEAMS WE'VE TRAINED RECENTLY INCLUDE

PRODUCT   HR   DATA / IT   SALES   MARKETING

60 MIN WORKSHOP

SUGGESTED TOPICS:

Overview of GenAI
- Definition of key concepts
- Evolution and current state of GenAI technology

Relevance to Your Company
- Case studies and success stories
- Potential benefits and challenges specific to your industry

Potential Applications for Specific Teams
- Introduction to role-specific GenAI tools (ChatGPT, among others)
- Evaluation of use cases for efficiency gains in function-specific tasks suitable for GenAI tools

Capstone Project Ideas
